Dear Collectors and Dealers:

Just another modest catalogue of coins within reach of the General Collector. I trust you will find something of interest to add to your collection. I have endeavored to make the estimates within reason, using standard catalogues as a guide wherever possible.

After distributing in the last 8 years more than 25,000 lots of coins I feel that my efforts have been successful even though starting at 70 years. All my work of catalogueing has been without assistance, as the range has been from Greek to Lincoln cents, I hope you will pardon a little pride that I naturally have on my Numismatic success.

At times I have work ahead and cannot give my correspondence the attention I should. However, any information that I can give especially to young collectors will be cheerfully given.

Wishing all my friends the best of luck numismatically, I remain.

Yours truly,

GEORGE J. BAUER.
